

Many things in our community and in LWVGT have changed since 1941. However, a constant is we that continue to be a grass roots and nonpartisan organization (we do not support specific candidates or parties), we encourage active participation in government, we work to increase understanding of public policy issues, and we influence public policy through education and advocacy. After 75 years of history, the goal of the League of Women Voters of Greater Tucson continues to be the empowerment of our citizens to shape a better community.
